SECOND CONTINGENT U. S. TROOPS IN FRANCE; RUSSIAN DELEGATES DECLARE AGAINST PEACE

Boys in Khaki Cross Atlantic in Safety and Land At Some Unknown Port in France For Early Service in the Trenches Against the Common Foe of Liberty.—Given Great Ovation.

BRIEF ANNOUNCEMENT IS THE FIRST INTIMATION TROOPS HAD DEPARTED

Ten Units American Woodmen, Fully Equipped For Converting Forests Into Lumber, Reach England and Surprise Britons By Completeness of Their Equipment.

A French Seaport, June 27.—(Associated Press Cable) — The second contingent of American troops arrived and disembarked this morning.

The troops landed amid the frantic cheers of the people, who had gathered for hours before in anticipation of duplicating yesterday's surprise. Enthusiasm rose to fever pitch when it was learned that the transports and convoys had successfully passed the submarine zone.

The port was speedily decked in flags in honor of the occasion. All the troops now arrived were transferred to a camp not far distant from this point, where Major General William L. Sibert is installed.

From there they will probably go soon to a point near the front. All the troops are in excellent shape, enthusiastic over the successful trip and their reception, and are eager for action.

AMERICAN SOLDIERS WILL SOON BE TAKING PART IN ALLIED OFFENSIVE

WASHINGTON, June 27.—(Associated Press Dispatch)—The epochal landing of American troops in France cannot be fully discussed at this time, for obvious reasons concerning the safety of other contingents.

It is entirely permissible to say that they are part of the force which will be under command of Major General Pershing, and for whose arrival the General and his staff have been arranging ever since they landed on the other side.

The American troops will be an entirely independent command, as are the British troops, working, of course, with the French at the head of operations, as they are on French soil.

When the troops have had their period of preparation behind the lines, they will take a place on the battle front, to be arranged by General Pershing in consultation with the other military chiefs there, and probably will be very soon carrying the Stars and Stripes in the assaults which are steadily driving the Germans out of France and Belgium.

The reference in the cable dispatches to a "duplicate of yesterday's surprise," intimating that there was also a landing yesterday, passes without comment here, but obviously discloses the landing of a contingent not mentioned in yesterday's dispatches.

TEN UNITS OF AMERICAN WOODMEN, FULLY EQUIPPED, REACH ENGLAND

LONDON, June 27.—(Associated Press Cable)—Ten units of American woodmen, sent over by New England States, and organizations to turn various forests of the United Kingdom into lumber, have arrived on English soil.

The complete equipment of the units caused much surprise and occasioned a great deal of favorable comment.

The woodmen brought with them not only the necessary machinery, but were fully equipped in every way, even to lubricating oils.

Their arrival found them ready to establish their sawmills and begin work at once. The only necessity for their maintenance is raw food, which their cooks will prepare.

ALLOWANCE OF MEAT IS CUT

By Associated Press Dispatch.

Copenhagen, via London, June 27.

Germans are informed officially that rations of fat next winter will be less than the scanty allowance of only grams weekly last winter, and

that, therefore, marmelade, preserves, etc., must be relied upon almost exclusively to render the daily bread palatable.

Although the announcement has a semi-humorous appearance, it has a serious bearing, for it emphasizes measures taken to check the export from the United States of fats to Germany, and also the shipment of apples, which occasionally reach the Central Empires from America.

The Bureau also contemplates a regulation limiting the individual purchases of fruit to two or three pounds at a time, so as to make the supply go round.

ALL FOUR OF ROOSEVELT'S SONS "DOING THEIR BIT"

Colonel Theodore Roosevelt in a public the fact that two of his sons speech delivered in the interest of had already gone to France and that the Red Cross at Oyster Bay made "the others are to follow." The two

who have gone are Major Theodore Roosevelt, Jr. (No. 1 in the pictures), and Lieutenant Archie Roosevelt (No. 2 in the pictures), both of whom it is understood, will be attached to General Pershing's headquarters. The announcement that they had been detailed to special duty was recently made in an army order.

Theodore Roosevelt, Jr., and Archie Roosevelt were both among the members of the original Plattsburg training camp in 1915.

No. 4 in the pictures is Kermit, second son of Colonel Roosevelt, who has also received training at Plattsburg.

Archie, the colonel's third son, has served in the Massachusetts naval militia, has received training at Plattsburg and is now a second lieutenant in the infantry reserve. Quentin Roosevelt (No. 3) is being trained at Mineola for the aviation service and is showing great skill as a flier.

PROHIBITION OF THE MOST DRASTIC KIND IS PROVIDED IN BILL

Drastic Measure Is Adopted by Full Committee—Further Amendments to Food Bill Submitted.

By Associated Press Dispatch.

Washington, June 27.—With drastic prohibition amendment to prohibit the manufacture of beer, as well as distilled liquors, and giving the President discretion to permit the manufacture of wine only, the Administration food bill was agreed on today by the Senate Agriculture Committee and favorably reported as a substitute for the bill now under consideration.

The committee also amended the House bill to give the President power only to commandeer supplies for the Army and Navy.

The House bill permitted him to

commandeer necessities for other purposes.

Another amendment would make it unlawful for any person, acting either as a voluntary or a paid agent in the employ of the Government in any capacity, to purchase and sell to the Government any supplies.

Washington, June 27.—Copper, lead and their products, lumber and timber are additional articles to which Government control would be extended during the war under amendments to the food control bill adopted today by a Senate agriculture committee.

By a vote of 8 to 7, the Senate Agriculture Committee rejected the subcommittee's prohibition plan and proceeded to consider various other substitute proposals.

After rejecting the subcommittee's prohibition plan, the full committee adopted the House prohibition provision with a modification as to manufacture of vinous beverages.

The new provisions would prohibit manufacture of all intoxicants, including both distilled spirits and malt beverages and wines, but would allow the President's discretion to permit further manufacture of wine only.

GERMAN VESSELS ARE TORPEDOED BY BRITISH

London, June 27.—(Associated Press Cable)—A dispatch to the Times from Rotterdam says that German shipping there is steadily increasing. Twenty-two German ships from Hamburg and Baltic ports entered last week.

Two German ships were torpedoed or mined by the British but traffic was unaffected.

SAYS FEDERAL COMMISSION HAS FAILED

By Associated Press Dispatch.

Washington, June 27.—Charging that the Federal Trade Commission has failed to use its power to stop extortion from publishers by news print manufacturers, Senator Reed today introduced a resolution to direct the commission to inform the Senate why it has not issued orders prohibiting "unfair and illegal practices."

Proceedings in Federal courts against the manufacturers are suggested as an alternative.

The resolution follows the recent formal charges of illegal combination brought by Frank P. Walsh of Kansas City.

Delegates of Workmen and Soldiers Vote Overwhelmingly to Continue War and Will Send Delegates to Sweden, France and England for International Conference.

WANT THE WAR TO END SPEEDILY BUT SEE DANGER OF SEPARATE PEACE

Give Reasons For Their Action in Voting Continuance of Struggle—Action Indicates Russia Will Not again Take Backward Step in Prosecution of War.

PETROGRAD, JUNE 27.—(ASSOCIATED PRESS CABLE)—A RESOLUTION CATEGORICALLY REJECTING ANY MOVE FOR A SEPARATE PEACE BETWEEN GERMANY AND RUSSIA HAS BEEN ADOPTED BY AN OVERWHELMING MAJORITY BY THE CONGRESS OF WORKMEN'S AND SOLDIERS' DEPUTIES OF ALL RUSSIA.

The resolution at the same time declares that restoration of peace at the earliest possible date is the most important need of the Russian democracy.

The text of the resolution says in part:

"The congress recognizes, first, that ending the war by means of the defeat of one of the belligerents would constitute the point of departure for fresh wars and increased dissension among the nations, and lead them to complete exhaustion, famine and ruin;

"Second, that a separate peace would strengthen one of the belligerents and give it the possibility of gaining a decisive victory over the others, would strengthen aspirations toward usurpation by the ruling classes; and while liberating Russia from the grip of world wide imperialism, would hinder international unification of workers.

"Consequently, the congress categorically rejects every policy tending in fact to the concluding of a separate peace—or to its prelude, a separate armistice."

The Workmen's and Soldiers' Deputies will send a delegation to Sweden, France and England to prepare for the convocation of an international conference on the basis of the program adopted by the executives.

THE FALL OF LENS IS NEAR

Steel Grip of Gen. Haig Closing on French Mining City Held by Germans.

By Associated Press Dispatch.

While General Haig is closing so closely upon Lens that the capture by the British of that city and its adjacent mining fields seems imminent. It is a question whether the British operations will be accompanied by any offensive move by the French on a large scale.

Although there has been more or less constant jockeying for position by the two commanders along the Aisne and Champagne fronts, particularly the former, the German activities appear more like efforts to choke off any possible extended movement by the French than anything else.

On the other hand, General Petain's occasional strokes give the impression that all he is trying to do is to preserve his vantage point as the basis for resuming the French advance at some future time, when that effort seems advisable.

No further attempts were made by the Germans to retake the ground lost at Hurbine, the Germans contenting themselves with a spirited bombardment.

DECLINE TO TAKE PART

(Associated Press Cable.) London, June 27.—The section of British Socialists led by Henry Hyndman has declined the invitation of the Russian Council of Workmen's and Soldiers' Delegates to attend the international conference of Socialists at Stockholm.

The refusal is based on the fact that the conference will be attended by German and Austrian Socialists and that it cannot serve the cause of peace or Socialism as long as Germans remain in possession of territory they have seized and devastated.

ALLEGED MURDERER TO HAVE HEARING

By Associated Press Dispatch.

Chillicothe, O., June 27.—Frank Karshner, held for the murder a few days ago of Bert Frazer near Adelphi, will have a preliminary hearing in municipal court Saturday morning.

GAMBLING IS UNMOLESTED STATES JUDGE

Unusual Case in Probate Court Proves Revelation and Brings Strong Declaration From Judge Allen, Who Says Gambling Proceeds With Knowledge of City Authorities.

Following an extraordinary case in the Probate Court, Tuesday afternoon when an alleged gambler was summoned before Probate Judge Rell G. Allen and made to pay off a mortgage he held against the prisoner at the bar, and which mortgage is said to have been the result of gambling gains, Judge Allen declared that gambling is going forward openly in this city, and that city authorities are aware of it.

Discussing the matter Judge Allen said:

"Gambling is, and has been conducted at a number of places in the heart of the city, and the city authorities are perfectly aware of it, as no attempt is being made to hide the gambling from them.

"This sort of thing has been going on for some time, and is conducted upon a scale that is little short of surprising.

"A number of instances have developed within the past few weeks that indicate the wide extent of this glaring breach of the law, and indifference on the part of the city authorities."

The man whose mortgage was paid was Albert McGinnis, who was up on a non-support charge and was given \$300 and the costs and three months, all of which is suspended as long as he turns over to his wife one-half of his wages.

GAS SUPPLY WILL BE TURNED OFF

Announcement is made by The Washington Gas & Electric Company that all gas in the city will be turned off from 8:00 a. m. until 11:30 a. m. Friday.

The Ohio Fuel Supply Company which has charge of the lines furnishing gas to this city, will install a metering station on the line while the gas is off.

Full instruction to gas consumers will be found elsewhere in this issue.

FOR NON-SUPPORT

Fuller Merritt, for failure to provide, was given the customary \$300 and the costs and three months in the Xenia workhouse when he faced Probate Judge Rell G. Allen.

Upon the man's agreement to pay the woman filing the charge the sum of \$3.50 weekly, the fine was suspended.

The case comes from near Buena Vista, and is out of the ordinary.

REQUEST REFUSED

The Appeals court of Fayette County has refused application made for

defendants in the case of W. S. Charters against John E. Green et al. for a rehearing of the case.

Judgment for the plaintiff in the sum of \$715 was originally rendered, and the court declines to rehear the case on the grounds that owing to the confused condition of the records, the original judgment was held as near an equitable adjustment of the matter as could be arrived at.

NOTICE

To the women of Washington C. H. and Fayette County.

Friday afternoon, the 29th, Miss Mary Graber representing the Ohio Branch Council of National Defense, will speak at the federated club rooms on vital questions of the day. It has been said that the wolf is at the door of the world and that Europe is looking to the United States for relief.

Miss Graber will tell the women of Fayette County how they can do their part to relieve this situation and help win the war.

She comes under the auspices of the National League for Women's service, which organization is closely co-operating with the Council of National Defense.

This lecture is free to all, and the public is cordially invited.

Friday afternoon at 2 o'clock.

Eleanor De Cisneros, Soprano, Sings in Aid of War Charities

"And the Star Spangled Banner In Triumph Shall Wave O'er the Land of the Free and the Home of the Brave!"

Eleanor de Cisneros, the famous soprano, is pictured here as she appears when singing "The Star Spangled Banner." Her golden voice is swelling the funds of numerous war charities, and she has recently been

devoting much time to the Red Cross cause. Miss de Cisneros is a Brooklyn girl by birth and is married to a Cuban planter. She has sung in grand opera in London and America.

OHIO FLAG ON EXHIBITION IN STORE WINDOW

Patriotic Washington Woman Makes Ohio Flag and Displays It in Craig Brothers' Window. Interesting History and Symbolism.

Very few people living in our state know that Ohio has a flag. This is not strange because the flag of the Buckeye state is not commonly seen on display with "Old Glory."

The flag makers have not engaged extensively in the manufacture of the state emblem and those few banners that are scattered about the state have been made in most cases by hand.

Probably the first Ohio Flag ever displayed in this city is now on exhibition in the show window of Craig Brothers department store.

It is the hand work of a patriotic Washington woman and a prominent member of the D. A. R.

The history and symbolism of the flag follows:

The Ohio Flag was first displayed on the exposition grounds at Buffalo in 1901. The Ohio commissioners for the Pan-American exposition felt the need of some special ensign to mark the Ohio headquarters and requested their architect John Eissenmann, of Cleveland, to prepare a design. He did so and two silk Ohio flags were made, one of which was presented to Governor Nash and the other to John M. Milburn, president of the exposition, at a dinner given in the Ohio building on the evening of Ohio Day at the exposition, July 18, 1901, the late Senator S. L. Patterson, of Pike county, who was a member of the Ohio commission making the presentation speech.

The flag was well received and the next legislature adopted it as the flag of Ohio. It is of the pennant form, with a great notch at the outer end. Three red stripes run longitudinally its entire length, one along each border and the other in the middle with white between. At the staff base is an equilateral triangle of blue, one side of which lies against the staff. In the center of the triangle is a large circle of white in the middle of which is a smaller disk of red. Clustered about this circle and along the staff base are thirteen white stars representing the original thirteen states, while in the tip of the triangle furthest from the staff are four more, signifying that the admission of Ohio to the Union brought the number of states up to 17.

It is distinctly a governor's flag, and on all important occasions in

which the governor takes part, it is used to mark the governor's headquarters or station.

EPWORTH LEAGUE CONVENTION IS NOW UNDER WAY

The opening session of the Epworth League District Convention, was held in Grace M. E. church this afternoon at 3:00 o'clock, after the delegates had been registered and assigned to the homes where they are guests.

Rev. F. H. Born of Hamden, Ohio, conducted the short song service which preceded an excellent address by Mrs. Ella F. Foye, of Richmondale. Special music was furnished by the Mt. Sterling Epworth League and the Grace Epworth League choruses.

A banquet will be held in the banquet room of the church at 6 o'clock this evening. The Washington orchestra will furnish music.

Tonight at 7:30 o'clock after the song service conducted by Rev. Born and the devotional services by Miss Myrtle Thornton of Chillicothe, Rev. A. P. Cherrington will deliver the welcome address, with response by Rev. H. C. Gunnett, of Mt. Sterling. Following this, Rev. E. L. Davis, of London, will address the convention on the subject "Christianity, What is it?"

Miss Edith Gardner will furnish the special music for the evening session.

Morning and afternoon sessions will be held tomorrow. The morning watch, at 6:30 o'clock, will be conducted by Miss Marion Christopher.

Rev. J. V. Stone, Miss Adelia McElroy and Dr. J. C. Jackson, of Chillicothe, and Rev. J. C. Arbuckle of Shepard, O., and formerly of this city are among the speakers for Thursday.

SUPPLYING CREWS WITH COMFORTS

By Associated Press Dispatch. Cincinnati, O., June 27.—The work that is being done by the Cincinnati branch of the Navy League of the United States in supplying comforts for the men of the sea is fully set forth in the report of T. E. Powell, president of the local branch. The comforts committee of the branch has been assigned the following five ships: The Ohio, the Rowen, the Cincinnati, the Wilmington and the Tacoma.

The branch was called upon to supply the Ohio with 150 sets, the Rowen with 98, the Cincinnati with 247, the Wilmington with 157 and the Tacoma with 259. A set, as it is designated aboard ship, comprises wrist-lets, a sweater and a muffler. The sets for the Ohio and the Rowen have been completed. As the others are finished they will be sent to the other ships.

SINGS HIMSELF OUT

By Associated Press Dispatch. Columbus, O., June 26.—Heris Voa Capava, colored, aged 63, sang himself out of jail in municipal court here. Heris was arrested for drunkenness. When arraigned in court he brought his guitar with him and gave a demonstration of his vocal ability. Even the court costs were suspended.

MAKES PLEA FOR CHILD TRAINING

By Associated Press Dispatch. Marion, O., June 27.—"It is especially our duty toward the children to see that they are not only guarded against the evils surrounding them but that they are incited by every possible means to fill their hands, minds and hearts with something better than their fathers have had."

This statement was made by H. E. Barnes, executive secretary of the Broad street M. E. church, Columbus, in speaking at the City Workers' conference this afternoon, on Daily Vacation Bible Schools.

Mr. Barnes said that about one-fourth the population of the United States is under 14 years of age. Deducting for those still in arms and adding for those over 14 who are not employed and you have something over 20 million children who seek most of their own recreation them-

selves for several months each year. he said. Mr. Barnes continued: "Those in our cities have scant room to play unhindered. Noises are taboo in apartments. They are chased from vacant lots; the streets and alleys are beset with danger of accidents. What shall they do? They are little bundles of nervous energy, which must have expression and usually they will respond to guidance. They are children but once, and if

"captured" then we can make of them what we will. Money spent in that direction will produce ten times more dividends than the amount spent in caring for them in reform schools, city prisons, or supporting them by associated charity work. Forty per cent of these children who run our streets during the vacation months are not enrolled in any Sunday school. This presents a challenge to the Sunday schools."

WONDERLAND

PARAMOUNT The Home of Good Pictures PARAMOUNT

TONIGHT

The Traveling Salesman

The story deals with a traveling salesman who finds himself in a little town on Christmas Day. It is a great comedy drama and is well played by one of our best and most jovial comedians known today, viz: Frank McIntyre.

Tomorrow, Thurs., June 28

Another Ditmar's animal picture. This week we will show the wonderful and industrious little masons, viz: "Beavers" preparing their winter home.

FRIDAY—"The Right Direction"

Sat.—Charlie Chaplin in The Pawnshop

Next Wed.—Marguerite Clark in Snow White

COMING—"The Little Orphan" a Bluebird; Ethel Barrymore in "Call of Her People" a Metro; "Mo-toy" a Standard. Fatty Arbuckle, Pauline Frederick, George Beban, and other good ones.

Notice, Gas Consumers

Gas Will Be Turned Off In This City For A Short Time Friday Morning.

The Ohio Fuel Supply Co. is installing a metering station on the branch line which supplies Washington C. H. and Bloomingburg. In order to make the final connections they will have to shut off the supply.

Gas will be cut off at 8:00 A. M., Friday, the 29th, and unless some unforeseen accident occurs it is expected to have it on again not later than 11:30 A. M.

Be sure that all gas valves are shut off so that when the gas is turned on again there will be none escaping. If you expect to be away from home turn off the gas at the meter. Thermostatic controlled water heaters should be turned off. Lights and other appliances with pilots should be given attention.

Get the Crops to Market

Farmers and truck gardeners in one Ohio county, according to reports have, even this early in the season, been solicited to sell their potato crop to commission men at a fixed price per bushel, estimating the number of bushels in the ground. Not carefully considered the proposition looks like a good one for the potato raisers and, perhaps, it is when measured only by the selfish individual desire.

The farmer and truck gardeners who make such a deal would be relieved of any uncertainty as to the crop—they would have their money in hand—unfavorable weather or market conditions would cause them no loss and they would be relieved of the necessity of digging and marketing their crop. That's the selfish benefit that could be obtained and it's considerable too.

However these are not normal times. The potato grower owes a duty to his fellow men, he owes a duty to his nation. He should see to it that every potato he grows comes out of the ground and goes to market.

The proposal to buy the crop now in the ground has all the evidences of an intention by speculators to corner the market and allow potatoes to rot in the ground so the price can be kept up to a figure higher than the laws of supply and demand justify.

What is true of the potato growers is true of ever man who raises food stuffs.

It is treason to allow a crop of any sort to remain in the ground and be controlled by those who have not the welfare of suffering humanity at heart.

It's not good business to buy a crop on any such uncertain and speculative terms and the very proposal itself should be sufficient to create a suspicion of food gambling.

American Again Answers

Again the American people have responded generously to the call of humanity. The appeal of the Red Cross for one hundred million dollars has been complied with. In a campaign of only one week the American people contributed to the service of humanity more than the one hundred millions requested.

Like the liberty loan the money was contributed by the great middle class which makes America what it is today. There were, of course a number of very large contributions. Enough to show that in the great cause of the Red Cross there is no class line drawn.

The very gratifying result of the campaign is another proof that all America needed, to do her bit in the great world work, was organized leadership.

In every one of the tremendous tasks undertaken since the work of preparation began the American people have exceeded all requests and demands.

A little tardy perhaps in realizing the necessity for vigorous action now that they are into the matter in earnest American people are giving, to the world, practical proof of their ability and inclination to do things.

And with all the marvelous results accomplished we must remember that there is no hint of selfish motive, no ambition, save an unselfish one, stimulating any one of the movements.

The Work With Russia

The American Mission to Russia headed by Elihu Root and the Russian Mission to the United States are doing a great work in bringing to the people of the two great nations—the oldest and the youngest republics in the world—a clearer understanding of the aims and purposes which actuate them.

The great mass of the Russian people—the agricultural classes have long idealized American institutions and have been hopeful that the time would come when their own rich and almost boundless domain would pass out of the control of autocracy into the hands of the toilers.

That time has come. The Czar has been deposed and the government of "all the Russians" is in the hands of the people.

Unfortunately, however, the seed of distrust sown by the agents of Imperial Germany, have borne fruit among a limited few who hold America overtures under suspicion and look upon our efforts to help them with distrust.

So long dominated by dishonest and deceitful government officials it is difficult for them to realize the lofty ideals and purposes which our government announces.

It is to reassure the great agricultural class of Russia, to convert the honest but misinformed radicals who have been poisoned by German influences that the American Mission has gone to Russia and the Russian Mission has come here.

To learn the facts first hand. And every day Russia is learning more about America and as knowledge increases confidence increases.

Poetry For Today

THE FAVORITE.

I know a man of charming grace
 And fine and clever ways,
 Who greets you with a smiling face
 And frank and friendly praise.

He's an idol of the social set
 In which he takes a hand,
 And among the ladies he's a pet
 That's always in demand.

He drives a car with daring skill,
 At tennis he's a star;
 He's known at every popular grill,
 And likewise every bar.

He's a connoisseur in music and in art,
 And can eat a menu through;
 He can catalogue Who's Who by heart,
 And he shares a favored pew.

He's posted on the movies and the play,
 What the show is, and where;
 He knows what's going on in town today,
 And just the thing to wear.

He's up on all the latest dances,
 At golf he is a "bear";
 And, whatever the circumstances,
 He's more than passing fair.

In fact, this man of whom I sing,
 And whose talents I am giving,
 Can do most every frivolous thing,
 But he cannot make a living!
 —Victor Rainbolt.

WORK BEGINS ON BIG CAMP AT "CHILLIE"

Teams and Scores of Men Form First Division of Workers on Great Cantonment.

Chillicothe, Ohio, June 27.—Work on the army cantonment camp near here was started this morning, with ten teams and seventy-five men employed. Seven cars of various materials were being unloaded.

This working force will be gradually increased to two hundred teams and five thousand men, it is said, and the daily allotment of cars to be unloaded will be one hundred.

Contractors are busy working on the narrow gauge railroad tracks to be constructed about the camp, the Baltimore & Ohio railroad is starting on spurs to be run from the main line to connect with the camp track.

One hundred and sixty-eight engineers are expected here tomorrow. The labor exchange here is hiring men at 27 1/2 cents an hour.

SITUATION IN GREECE IS MUCH BETTER

(Associated Press Cable)

Athens, June 27.—The resignation of Premier Zaimis was occasioned by his decision that he could not assume responsibility for convocation of the Parliament on May 31, 1915, which King Constantine dissolved.

M. Jonart, diplomatic representative of the Allies, demanded the assembling of this Parliament, in which M. Venizelos has a majority.

In resigning, M. Zaimis announced that King Alexander was willing to comply with all the demands of the Entente.

It is understood that M. Venizelos will be Premier. Nicholas Politis, Foreign Minister of the Provisional government set up at Saloniki by M. Venizelos, probably will have the foreign portfolio in the Venizelos cabinet.

Proceedings have been instituted against the ring leaders in the recent demonstration.

CHICAGO MAYOR SAYS CHARGES AGAINST HIM ARE DUE TO GRAFT

MAYOR WILLIAM H. THOMPSON

Mayor William Hale Thompson of Chicago is under fire, accused of disloyalty, it not of treason, for refusing to receive the allied mission to the United States at Chicago and also refusing to co-operate in the liberty loan.

"Such men should not only be driven from the country, but driven from the earth," said Bishop Kinsolving of Texas in an address in Baltimore.

Mayor Thompson issued a statement concerning the action of the city council in seeking to unseat his school board and the talk of impeachment. In it he said that school funds had been diverted illegally and added:

"In the records of the school board tell tales that the old school regime did not care to permit to be made public? The idle talk of impeachment of the mayor and the ousting of the new school board members is a deception practiced to divert attention from the real issue."

BELGIANS ARE HEARD TODAY

By Associated Press Dispatch.
 Washington, June 27.—The Belgian Mission, headed by Baron Moncheur, was received today in the House.

Galleries were crowded with an enthusiastic audience, and the floor was filled with members, who gave an enthusiastic reception.

HEAT IS FATAL

By Associated Press Dispatch.
 Chillicothe, O., June 27.—Frank Murphy, 44, a section hand on the B. & O. railroad, died at a hospital here last night. Murphy was overcome by heat while at work yesterday afternoon.

DOUBLE TAXES ARE PROVIDED

By Associated Press Dispatch.

Washington, June 27.—A war excess profits tax upon corporations, partnerships and individuals of about sixteen per cent—double the present rates—and no change in the proposed taxes upon publishers, 5 per cent upon their net profits plus a postage increase of a quarter of a cent per pound, were forecast today by Senate Finance Committee members as they worked toward completing the war tax bill.

RIVERS-HARBORS BILL IS PASSED

By Associated Press Dispatch.

Washington, June 27.—The \$25,000,000 rivers and harbors appropriation bill passed the House today by a vote of 205 to 132.

A motion by Representative Treadway of Massachusetts to amend it to require presidential endorsement of all appropriations, as being of military or commercial necessity, was lost 139 to 142.

DAYLIGHT BILL PASSES TODAY

By Associated Press Dispatch.

Washington, June 27.—The daylight saving bill, amended to take effect next year, passed the Senate today without discussion or record vote and was sent to the House.

Under the bill, all time pieces would be turned forward one hour, beginning the last Sunday in April and continuing until the last Sunday in September.

MEXICAN SOLONS WANT MORE PAY

By Associated Press Dispatch.

Mexico City, June 27.—Taking into consideration the high cost of living, a number of the members of Congress have started a movement for an increase of their salaries this month. A bill shortly will be introduced increasing the salary of a deputy from sixteen and a half pesos a day to twenty pesos.

UNION TOWNSHIP RED CROSS DRIVE BEGINS THURSDAY

Campaign of County to Be Worked By Township. Several Chairman of Teams Start Work This Morning. Meeting Held This Afternoon.

The war fund campaign of the Fayette County Chapter of the American Red Cross began today when the various township chairmen started the drive.

The following township chairmen were appointed by chapter chairman H. B. Dahl, at the meeting of the committee held late Tuesday evening: Jefferson Twp., Howard Hegler; Paint Twp., T. H. Craig and R. T. McClure; Madison and Marion twps., Grant Coffman and C. P. Ballard; Wayne, Greene and Perry twps., W. H. Brown, Horace Ireland and Ben Jamison; Jasper and Concord, C. H. Griffin and C. A. Gossard.

At the committee meeting held in the Memorial Hall at 2:00 o'clock this afternoon, plans were laid for the campaign in Union township and this city.

The drive in this city will begin tomorrow morning. Various chairmen will telephone results to headquarters at the Memorial Hall at the close of each day.

C. S. Haver, Clarence Craig, Herbert Brownell, R. H. Harrop, D. H. Rowe, Leo Katz, M. E. Hitecock and Ed Flite are members of the committee who will conduct the great drive in this city and township. More workers will be added later.

WILL INSPECT MANY HORSES

The work of inspecting between 200 and 300 head of horses assembled at the sales barn in this city at the present time, will begin Thursday when government inspectors will examine each animal before it is accepted for the U. S. government for army purposes.

Col. Geo. Harper, of Charleston, S. Ca. is at the sales barn, together with other buyers, and they will buy all good cavalry and artillery horses in sight until further notice, some of the animals being purchased for the Cuban Government as well as Uncle Sam.

The animals now assembled at the sales barn are from Chillicothe, Circleville, Springfield, Wilmington, and other points, as well as from this county.

"Too proud to fight" has now become "Proud to fight too."—Punch.

IN SOCIAL CIRCLES

The Y. W. C. Court Group met Tuesday at the home of Mrs. Frank Kearney for their monthly program.

The children of the group rendered a very interesting and pretty program.

Master Hugh Perrill was the feature of the meeting with his splendid trap drum solos.

A quartet made up of the little Misses Ruth and Mary Alice Smith of Middletown, Margaret Harper and Ruth Smith played and sang beautifully.

PERSONALS

Miss Mildred Wolfe left Monday for Carthage, South Dakota, to spend the summer with her uncle, Mr. J. S. Wolfe, and cousin, Mr. Clarence Wilson and family.

Mrs. Catherine Hiatt went to Springfield Wednesday morning to attend the Wittenburg College commencement. Her granddaughter, Miss Meri Hiatt, is a member of the graduating class.

Mr. and Mrs. L. A. Ellis, of Kansas City, Mo., are the guests of Mr. Ellis' brothers, Mr. Bert Ellis and Mr. D. Webster Ellis, in this city.

Mrs. Frank Bonham arrived from Cincinnati Wednesday to be the guest of Mr. and Mrs. C. F. Bonham. Mr. Bonham, who is attending a Bonham reunion in Indiana the last of the week, joins her Sunday.

Mr. and Mrs. Howard Jefferson, Mr. and Mrs. Wm. F. Jefferson made a motoring trip to Athens Wednesday to attend a big Jersey cattle sale. They will also be the guests of Mr. and Mrs. Hugh Jefferson; Mrs. Wm. Jefferson remaining for a week's visit at the home of her son.

Mr. and Mrs. Will Jones and son, of Griffin, Ga., who have been the guests of Mr. J. D. Mace and family, left Wednesday for Chillicothe to continue an interrupted visit there before returning to their southern home.

Mr. Ellis Ramsey, of Akron, visited at the home of his cousin, Mr. R. S. Ramsey, on the Lewis pike, the past two days.

Mrs. Charles Rayburn is seriously ill at her home on the Jamestown pike.

Mrs. R. T. McClure, children Enid and Feurt returned Tuesday night from a month's visit with her parents, Mr. and Mrs. W. A. Feurt, in Chicago, and with relatives in Muscatine, Iowa. Mrs. Feurt accompanied her daughter to Muscatine.

Louis Hall is in Marion to attend the races.

Mrs. Ralph Ott who has been quite ill the past two days is improving.

Mr. Jos. H. Harper was a business visitor in Columbus Wednesday.

Misses Adaline and Medrith Matheney of Mt. Sterling are Miss Olive Hillery's guests for the week.

Mr. and Mrs. Ray Maynard, Mr. and Mrs. Willard Willis returned

Tuesday night from Russell's Point where they have been spending a few days at the summer cottage of Mr. and Mrs. John Maynard.

Mr. and Mrs. B. D. McVey of Greenfield, Misses Olive and Sarah Wilson and Mr. Wilson Head of Greenfield were morning guests of Mrs. Thomas Hillery, Tuesday.

Mrs. Eldora Stinson is entertaining Prof. and Mrs. Herbert Eagleston, and Miss Edith Mae Miller of Columbus for the Stinson School of Music commencement exercises Friday night.

BIBLE CLASS MEETING

Regular meeting of Shadyside Bible Class at Mrs. Grover Taylor's, West Market street, Wednesday, June 27. All members urged to be present.

THIS WALKING DRESS IS THE LATEST THING

AN ALIEN?

Chinese pagodas in gold and red silk embroidery on the jumper and cuffs of this one-piece, built of navy gaberdine, makes a showy walking dress. Heavy cord affords the girdle, also in oriental reds.

FAYETTE COUNTY'S RED CROSS CAMPAIGN —IS ON—

Tuesday afternoon Mr. H. B. Dahl called ten men, one from each township, and they are working today in an eleventh hour effort to raise a fund for the Red Cross so that old Fayette will at least be on the map and receive honorable mention when the roll is called in the Hundred Million Campaign Fund next Sunday.

Mr. Dahl has also called about twenty men to meet this afternoon who will work in town on Thursday, Friday and Saturday. Do not wait. Come forward and do your part at once. Our time is limited which means extra effort. Fayette County always does her part when given half a chance. Let us all rally to the call and redeem ourselves in the few hours left.

WE CANNOT AFFORD TO BE ENROLLED

WITH DO-NOTHINGS AND SLACKERS.

What Will YOU Give?

Mail or Hand Your Check to Mr. Dahl

EVERY DOLLAR GOES TO WORK OF THE RED CROSS

C. H. & D. WRECK THIS AFTERNOON SEVEN CARS OFF

Traffic Will Be Held Up 15 Hours as Result of Seven Cars of Ore Stacking Up at the Bogus Road at Two O'clock Today.

About two o'clock Wednesday afternoon a double header south-bound freight on the C. H. & D. was wrecked at the Bogus road, two miles east of this city, and seven cars of ore are piled up.

The train left this city at 1:30 p. m. and when at the Bogus road crossing the trucks of a car left the rails and a moment later the seven cars were strung along in utmost confusion.

It was estimated that it would require 15 hours to clear up the wreck and open the road to traffic, because of the presence of the B. & O. wreck or elsewhere.

It is one of the worst freight wrecks occurring in Fayette county in recent years.

DECLARE "WETS" ARE EITHER UNINFORMED OR ARE MISINFORMED

By Associated Press Dispatch.

Marion, O., June 27.—That the voters who are "wet" are either misinformed or uninformed men was a statement by Mrs. Lillian Burt of Columbus, director of the Safety and Efficiency Bureau of the Ohio Anti-Saloon League, who spoke at the Temperance conference in the Epworth M. E. church this afternoon.

"Unless these men belong to the organized liquor traffic or are too besotted by the drug, alcohol, they will listen to truth which proves to them that injurious effect of drinking as it relates to accidents, efficiency and child welfare," said Mrs. Burt.

"In order to reach the largest number of these men in the shortest time we have asked the employers of labor to support an educational exhibit with lectures for their employees. This exhibit is placed inside the plants. The employees are brought on company time and given one hour in which to listen to the scientific truths about alcohol which are now being recognized as the basis of good health and efficient service both for the employed and the employer.

"The heads of our great industrial organizations are welcoming this way of helping their men to become abstainers from intelligent choice. Not the least good that has come from this campaign of education has been its effects upon the leaders of industry. In the great increased effort along all industrial lines, these men have been too busy to keep pace with the findings of science on the use of alcohol and its relation to accidents and efficiency. These truths apply as well to employer as to employee and many who have been our social drinkers are profiting by this teaching. As a result, clubs are putting out the bars which have stood for years as a hindrance to our work among the working men and for the first time these leaders in finance are seeing that as a busy investment, they can afford to give largely to our campaign fund. It was these conditions that made such states as Michigan dry and will prove to be a great factor in removing the enemy from Ohio."

WOMAN ON ROAD REAL "SALESMAN"

By Associated Press Dispatch.

Columbus, O., June 27.—Although it has been accepted as a foregone conclusion that women will take the place of men released from business and industrial pursuits for military service, Columbus had its first "experience" recently.

Miss L. A. Guitland of Boston arrived in Columbus not long ago with an introductory letter from her brother, Jack Guitland, a traveling salesman, explaining that she had taken his place on the road and would continue to do so during his absence. She demonstrated her ability and earnestness by selling a \$5,000 bill of goods before luncheon on her first day. Her brother has entered military service.

Julius Ceasar, son of Minnie Ceasar of Brooklyn, has joined the United States marines and will help overcome the Goths.—Chattanooga News. In a historical and dynastic sense the submarine can sing Germany.—It's getting along in the afternoon. Wall Street Journal.

BABY TOO WEAK TO CRY

Mrs. E. S. Putnam of Chippewa Falls, Wisconsin, writes us: "Little Baby James came to us one Friday afternoon in a most precarious condition—a sad case of malnutrition, being too weak to even cry. The doctor called and at once prescribed Thompson's Food (Peptonized)."

"Sunday morning we weighed him (he was four months old, but just an infant) and he weighed six pounds. The following Sunday he was weighed again and tipped the scales at eight pounds—a gain of two pounds in one week. Began to improve immediately and was soon on the way to healthy babyhood."

This unsolicited letter is one of many that we receive from week to week.

Thompson's Food (Peptonized) is not a milk modifier, but a complete food in itself. It is very easily prepared by the mere addition of water. Its use eliminates the danger usually associated with the local milk supply.

Try a 50c package with our guarantee of satisfaction.

RECRUITING STOPS SATURDAY NIGHT THEN COMES DRAFT

Fayette countians who desire to volunteer rather than be drafted must enlist not later than Saturday night of this week, for after that time no more enlistments in Company M will be taken until the first draft is made, at which time the ranks of the company will be filled up by draft.

Recruiting officers are now on duty at the Armory and will be at their post until Saturday night, according to special orders issued this week, after which time the officers will be withdrawn and recruiting will be at an end.

Company M now has 116 men with some four in waiting for examination, so that if no more enlistments are had between this and Saturday night, the Fayette conscripts will fill the ranks and then enough will be taken to complete Fayette's quota in the regular army, after which a large number of conscripts will be placed in training in another group, at Chillicothe.

MUST BE PROMPT IN PAYING RENT

Postmaster S. A. Murry has issued the following notice, which is in keeping with new postal rules recently placed in operation:

"Your attention is invited to the following extracts from Section 353, Postal Laws and Regulations:

"Ten days before the last day of each quarter postmasters are required to place in each rented box a bill or notice of the rent due. If a box holder fails to renew his right to his box on or before the last day of a quarter, the box shall then be closed and offered for rent and the mail placed in the general delivery."

"You will note that we are compelled to close the box on the first day of the quarter unless the rent is paid."

"In order to comply with the law and at the same time cause you no inconvenience we have arranged to put all mail in general delivery where the box rent is not paid by the first day of the month and quarter."

Respectfully,
S. A. MURRY, P. M.

More people every day are finding Herald want ads superior.

CAN SURPLUS FOOD USE CANS WISELY

Don't have an empty preserving jar in your home next fall. There may be some difficulty in securing cans and preserving jars.

Reserve regular tight-sealing containers for vegetables, concentrated soups, meats, and fish. Concentrate products so that each jar or can will hold as much food and as little water as possible.

Put up jams, jellies, and preserves in glasses sealed with cork or paper and paraffin. Pack fruit juices in ordinary bottles.

Don't can anything that can be kept just as well dried or in other forms. Dry navy and mature Lima beans for winter use.

Produce in your garden lots of cabbage, potatoes, and root crops that can be kept for the winter without canning.—U. S. Department of Agriculture.

F. B. PEARSON TALKS TO OHIO TEACHERS TODAY AT CEDAR POINT

By Associated Press Dispatch.

Cedar Point, O., June 27.—Declaring that it took a world crisis to put meaning and potency into the word "efficiency," F. B. Pearson, superintendent of the public schools of Ohio, in addressing teachers attending the Ohio state teachers association convention here today gave a very entertaining lecture on "Education for Civic Efficiency."

"It would seem that it has required a world crisis to put meaning and potency into the word 'efficiency,'" said Superintendent Pearson. "For years we have been using the word in our books and on the platform with great frequency and glibness until its use has come to provoke a smile and only now are we beginning to comprehend its real significance."

"No one has very closely defined efficiency for us up to this time and I venture out into the unexplored country by defining an efficient citizen as one who is doing the work that he ought to be doing to the fullest extent and in the best possible way."

"There are thousands of boys in our cities whose services would be invaluable on the farm if only they understood farming but they do not. In fact, many of them know more about the 'feel' of a billiard cue than they do of a hoe handle."

"If only every city high school ten years ago had acquired a tract of land as an agricultural laboratory for the boys, the call of the farms at this time could be largely answered and the boys would be far better off on the farm than walking the streets of the city."

"In spite of our broad education we still have in this country more than 100,000 tramps who are walking the highways and preying upon the resources of the land. Many represent a lack of efficiency that does not speak well for our educational procedure."

"There is another large class of people in our country who still regard Charlie Chaplin as the Great American Hero and burn their incense at his altar, while farms and gardens suffer for lack of attention."

"We all believe that our country is destined to be the leader among the nations of the world in the arts, sciences, economics, industries and education as it is now in finance and it devolves upon the school to see to it that we afford the rest of the world such intelligent leadership as will win respect. If we are to assume the function of leader in all these matters, then it behooves us to see to it that we have more and better schools, better equipment and a longer school life for every child in this land."

"This is no time for slacking in educational matters. Rather is it a time for emphasizing and clarifying our educational procedure to the end that the education of our people shall amply justify democracy."

"A boy in Darke county raised 123 bushels of corn on an acre which is far more than his father ever raised. Subtracting what the father was accustomed to raise from what the boy actually raised and you have the measure of the father's lack of efficiency. We are demanding efficiency from machinery and soil and live stock but have fallen short in the matter of efficiency in respect to human beings."

UNITED DOCTORS SPECIALIST

Brings the knowledge of a Great Medical Organization and Their Experience in the Successful

Treatment of

THOUSANDS OF CHRONIC DISEASE CASES

Offer Services Free of Charge.

Licensed by the State of Ohio.

The United Doctors is an organization of reputable, licensed, physicians for the treatment of certain diseases.

They are all specialists. The United Doctors treat, without surgical operations or hypodermic injections, diseases of the blood, skin, and all internal organs, rheumatism, sciatica, tape-worm, leg ulcers, weak lungs and all long standing, deep seated diseases.

Twenty-five years' experience and the complete records of thousands of cases successfully treated prove that the methods of the United Doctors are right. They were among the first to be called "Bloodless Surgeons."

Each member of the United Doctors staff has at his command the knowledge and resources of the whole organization.

Many people go on suffering from disease that can be alleviated just because they cannot afford to go to high priced specialists at a distance from home.

No community has a sufficient number of sufferers from the diseases mentioned to support special hospitals for their treatment and cure.

The United Doctors have solved the problem. Their highly trained specialists travel from place to place. They diagnose and prescribe a course of treatment for the sufferers in each community and teach them how to take care of themselves at home.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians. If your case is incurable they will tell you so. Consult him upon this visit. It costs nothing.

Married ladies must come with their husbands and minors with their parents.

Laboratories, Milwaukee, Wisconsin.

It also includes the report of the Secretary of Agriculture and a general report of the operations of the department for the information of the public at large. The 1916 edition of the book contains 783 pages and 90 illustrations. Copies can be secured free of charge by applying to Congressman S. D. Fess, House of Representatives, Washington, D. C.

ROBINSON SHOWS 93 YEARS OF AGE
Saturday, July 7th will be a real circus day in Washington C. H., according to colorful banners spread up on the billboards and blank walls by the advance crews of decorators representing the John Robinson aggregation of Circus wonders. Old John Robinson was the original sawdust ring trooper of America. So runs the line in the press agent's "dope sheet" announcing P. T. Barnum, Adam Forepaugh, The Ringlings, or any other Circus king ever heard of, embarking in the business back in 1824 with five wagons and a small tent.
Consequently this is its ninety-third annual pilgrimage, and it is now in the hands of a third generation of his direct descendants, who perpetuate the time honored street parade and all the other arrangements that have turned Circus days into semi-holidays for all ages, races and colors of mankind.

WALSH-CROOKS
Mr. Leslie Walsh, of Dayton, and Miss Alta Crooks, of Millwood, were united in marriage, Tuesday evening at six o'clock, at the M. P. Parsonage. Rev. G. H. Harper officiating. They were accompanied by the bride's sister. Mr. and Mrs. Walsh will reside in Dayton, where Mr. Walsh is engaged in railroad work.
Do your clothes look yellow? Then use Red Cross Ball Blue; makes them white as snow.

NO MORE DIZZY SPELLS SINCE TAKING TANLAC
Dayton Woman Says She Was Afraid to Walk Down Stairs Alone Before, She Felt So Weak.
"A few weeks ago I was in such a run down condition that I was afraid to trust myself to go up or down stairs alone, but today it does not bother me at all," said Mrs. Louisa Schmidt, 253 South Williams street, in telling how Tanlac built up her health.
"I have been in rather poor health for the last year but never felt half as bad as I did in the last two months. I was bothered almost constantly with headaches and dizzy spells and at night, instead of getting my sleep, I became nervous and would be awake for hours. In the morning I was weak and dizzy."
"Well, Tanlac surely has done more for me than I ever thought a medicine could do. I want to say that I am

more than thankful. I now sleep soundly and feel altogether different in the morning from what I did before. I don't have those headaches and dizzy spells any more. I am gaining strength every day and I feel better than I have for a long time.
"I am glad to recommend Tanlac to anyone who is in a run down condition."
If you are not feeling right get Tanlac today at Blackmer & Tanquary's drug store, Frank Christopher's drug store, or C. S. Haver's drug store, adv.

Where does the Peddler pack his COFFEE~

In a dark cellar, maybe. But Golden Sun is clean-roasted, cut and packed in air-tight cans in great, immaculate rooms. It's free from chaff, it is strong and full of fragrance and aroma. So Golden Sun makes into coffee that's rich and mellow, delicious and satisfying. Yet its price is modest—for it carries no premiums. Only grocers sell it.

Don't Cough Until Weak

Foley's Honey and Tar HELPS COUGHS QUICKLY

FOLEY'S HONEY AND TAR takes right hold of an obstinate cough and gives quick relief.

It puts a healing coating on the inflamed membranes that line the throat and air passages. It stops the tickling, loosens and raises phlegm easily. It is just splendid for bronchial and la grippe coughs, and tight, wheezy breathing.

Mrs. W. S. Bailey, Lancaster, Ky., coughed almost continuously day and night, until she took Foley's Honey and Tar. After taking half a bottle, her cough began to slow up, and seven bottles entirely cured her cough.

COAL BARONS TO CUT PRICE

(By American Press)
Washington, June 27.—Several hundred coal operators, representing the great fields of both bituminous and anthracite, pledged themselves here to sell their product at a fair and reasonable price, to be fixed, with the approval of the defense council's coal committee, by special committees of seven producers from each coal mining state.

Those special committees also are authorized to confer with the defense council's committee, "to the end that production be stimulated and plans be perfected to provide adequate means of distribution."

The operator's action, in the form of a formal resolution adopted amid applause, came at the close of a prolonged conference, which opened with addresses by Secretaries Lane and Daniels, John T. Fort of the federal trade commission and Assistant Attorney General Lewis, all of whom frankly warned the producers that unless they themselves established a fair selling price and proper regulation of the industry their output would be taken over by the government.

The meeting was called by the defense council's committee for a discussion of methods of reducing the price of coal both to the government and the general public, and was presided over by Frank S. Penbody of Chicago, chairman of the committee. While it was in progress the senate interstate commerce committee, beginning an inquiry into the cost of production of raw materials, was holding its first hearing, with coal operators and miners as witnesses. Both at the operators' meeting and before the committee the solution of the greater production problem was declared to be more railroad cars. Car shortage was blamed for restricting the output of mines everywhere.

S. C. M. Moderwell, a Chicago coal operator, before the senate committee, predicted a serious coal shortage at the head of the lakes unless action is taken. Fear of prosecution under the Sherman law prevents the operators agreeing among themselves to bring down the price, he declared.

Chairman Newlands expressed the opinion that the attorney general would not construe the Sherman law that way.

Mr. Moderwell said that the coal situation was in part caused by the fact that the mines operate only eight hours a day, while a majority of industries are in operation twenty-four hours a day. Capacity of the mines is about 40 per cent more than present production, but he doubted if they would be able to reach maximum production for lack of railroad transportation.

"What is the average increase in the price of coal to the consumer?" asked Senator Pomerene.

"It has been very large," he replied. "I would say that it has been from 75 to 100 per cent, but that is only an estimate."

"How do you justify the increase?" "Coal operators are just as human as anybody else and they have taken advantage of the conditions and the people."

Mayo Praises Navy's Shooting Recruits Learn to Handle Gun

While the men in the destroyer squadron in British waters tell in letters home of their experiences in actual warfare, no efforts are spared to fit them for the work of war. Admiral Mayo, commander of the Atlantic fleet, reported recently to Secretary Daniels that he was pleased with the ships' target practice records. The picture shows some of the "rookies" being instructed by an officer in the handling of the rapid fire guns.

FUND MAY REACH \$114,000,000

(By American Press)
Washington, June 27.—The nation's contributions to the Red Cross in response to the call for a \$100,000,000 war fund were estimated at \$114,000,000 by Henry P. Davison, chairman of the Red Cross war council.

"This figure assumes," said Mr. Davison, "that stockholders in companies which have declared special dividends amounting to some \$20,000,000 will turn their dividends over to the Red Cross."

The policy of the Red Cross in expending this big sum, Mr. Davison said in a statement thanking the millions of contributors, will be "to conduct all our work with the utmost publicity, and to take the public as completely as possible into our confidence." Primarily the fund will be devoted to needs of American soldiers and sailors, and secondarily to relief work among the allies.

Dr. Frank Billings of Chicago will head the Red Cross commission of more than twenty experts to be sent to Russia to study needs there, Mr. Davison announced. His statement follows: "Local chapters of the Red Cross are entitled to retain for their own work 25 per cent of the total amount collected, but it is very evident that the national Red Cross will have a generous fund with which to begin its tremendous tasks."

OLYMPIA AGROUND

(By American Press)
Block Island R. I., June 27.—The United States cruiser Olympia, Admiral Dewey's flagship at the battle of Manila, ran aground in the fog off Block Island. The cruiser was reported in a bad position, with considerable water in her hold. Chief Machinist's Mate William M. Babbs lost his life when he was struck on the head by a falling hatch.

Warships and wrecking vessels are standing by the ship. The sea remained calm, but it was reported that, as a precautionary measure, a part of the crew had been taken off.

The Olympia put out for target practice and it is supposed she struck during the thick fog which stretched far out from shore. The Olympia was recently assigned as the flagship of the coast patrol fleet of the second naval district.

MEDIATORS BUSY

(By American Press)
Washington, June 27.—Admitting that a general strike of shipbuilders in yards along the Atlantic coast has definitely been called for next Saturday, Secretary of Labor Wilson issued a statement denying that the efforts of his mediators to avert the strike have failed. He said that the negotiations still are in progress. Despite this statement, however, the situation is regarded here as very serious, as neither side shows any disposition to make concessions.

THIS VETERAN TRAVELING MAN SAYS HE'S CURED

A Lynn, of the Adams Bag Co., Volunteers a Wonderful Nerv-Worth Story.

This widely known Columbus, O. man, who for 17 years has represented the Adams Bag Co., of Cleveland, on the road, not long ago signed his name to the following:

Nerv-Worth Co.: At my home in Columbus I had doctored for some time for indigestion, weakness, etc., without getting relief. While in Cambridge, O., I bought a bottle of Nerv-Worth and put it to the test. Soon found it was helping me. Found decided relief after taking the first bottle. Two weeks later at Clarksburg, W. Va., I bought another bottle of Nerv-Worth. After taking that I felt still better—stomach much improved. More strength, vim and vigor. I used four bottles of Nerv-Worth and AM ENTIRELY WELL. Can eat anything I want without distress. A. LYNN.

Your dollar back at Christopher's Drug Store or Brown's Drug Store, Washington C. H., if Nerv-Worth does not benefit you. Advt.

REMOVE SALT AND LAND IS SINKING

(Associated Press Cable)
Chester, England, June 27.—Farmers in a large area of Cheshire have their work complicated by the fact that the surface of their farms is steadily sinking at a rate reaching in many places several inches yearly.

This subsidence occurs in the district of the great salt mines. The salt deposits are about 400 feet below the surface, and there is everywhere at this depth a total thickness of at least 200 feet of salt. The gradual removal of the salt is the cause of the subsidence of the land.

The salt is mined by means of pumps. Water is allowed to flow into the salt beds, where it becomes saturated with salt. In this condition it is pumped to the surface and fresh water flows in to take its place. The subsidence of the surface is most marked in the immediate vicinity of each pumping station.

COTTAGE CHEESE SUPPLANTS MEAT

(By Associated Press Dispatch)
Columbus, O., June 27.—The utilization of skim milk in the making of cottage cheese as a substitute for meat is one of the wartime food conservation ideas of R. D. Stoltz, college of agriculture, Ohio State University. He says cottage cheese is high in protein content and is a most economical food. Mr. Stoltz declares that thousands of gallons of skim milk are poured into sewers daily because there is no demand for cottage cheese," he urges.

Geneva, June 27.—Admiral Alfred Von Tirpitz, former German minister of marine, has arrived at St. Blais, in the Black Forest. He is suffering seriously from diabetes. Von Tirpitz has been Germany's chief advocate of unrestricted submarine warfare. He had much to do with the building of Germany's great fleet and is known as "the father of the German navy."

BROWN MURDER CASE NOW ON IN INDIANA

A slow trial in the murder case of Roy Brown, of Red Key, Indiana, is now being conducted at Hartford City, Indiana, where the young man accused of the crime are facing a judge and jury who will determine their guilt or innocence.

As all of the money the young man had was taken from the body, indications that that robbery was the motive of the crime.

ZIMMERMAN PROMOTED

(By American Press)
Columbus, June 27.—With the Tenth Infantry, Ohio national guard, definitely recognized, Governor Cox commissioned Colonel Charles X. Zimmerman, Cleveland, brigadier general in command of the new Third brigade. Lieutenant Colonel A. W. Davis, Norwalk, was commissioned to succeed Zimmerman as colonel of the Fifth regiment, Cleveland. Charles Sawyer, Cincinnati, and Charles Zimmerman, Springfield, were appointed majors in the judge advocate general's department. Sawyer is training at Fort Benjamin Harrison.
